

Reference No.: 461-112(809013)2025-4  
Date: December 29, 2025

**SUBJECT: Amendment and Supplement to the Documentation Related to the Award of a Public Contract**

Pursuant to point 1.4 of the Instructions to Tenderers for the preparation of a tender for the public contract „**GENOMIC TESTING TO SUPPORT TREATMENT DECISIONS REGARDING CHEMOTHERAPY IN PATIENTS WITH EARLY-STAGE BREAST CANCER FOR PREMENOPAUSAL PATIENTS AND PATIENTS ELIGIBLE FOR THE ADAPT PROTOCOL**”, published on the Public Procurement Portal on December 01, 2025 under publication number JN009346/2025-EUe16/01 and in the Official Journal of the European Union (TED) on December 01, 2025 under publication number 793719-2025, the contracting authority hereby amends and supplements the procurement documentation as follows:

1. The contracting authority extends the deadline for the submission of tenders as follows:

The bid shall be considered submitted on time if the contracting authority receives it via the e-JN system <https://ejn.gov.si> **no later than January 13, 2026 by 12:00 noon**. A bid shall be considered submitted if it is marked with the status "SUBMITTED" in the e-JN information system.

The opening of tenders will take place automatically in the e-JN information system on **January 13, 2026** and will begin **at 3 p.m.** at the web address <https://ejn.gov.si>.

The validity of documents required in the procurement documentation may refer to the original deadline for submission of tenders, i.e. **December 30, 2025**. If bidders submit criminal record certificates in their bids, these must not be older than 4 months, calculated from the new deadline for submission of bids, i.e. **January 13, 2026** for all economic operators in the bid.

2. The contracting authority adds a new point to the document *Professional and Technical Requirements*, which reads as follows:

- The supplier must have the manufacturer's certificates and submit them to the contracting authority upon request.

When preparing their tenders, tenderers must take into account all clarifications, supplements, and amendments to the procurement documentation communicated by the contracting authority via the Public Procurement Portal.
